

Deluxe Cocksfoot

Deluxe is an enhanced addition to the AGF cocksfoot range. Providing a high-yielding and soft-leaf variety with improved Winter activity.

It is particularly suitable for high-rainfall environments, as it maintains high production levels throughout all seasons, while also retaining summer quality and palatability when seasons allow. Deluxe is a next-generation cocksfoot variety that has demonstrated useful disease resistance.

Rigorous evaluation conducted over many sites for several years has resulted in a cocksfoot that has excellent recovery and persistence in a range of conditions.

AGF Seeds is proud to introduce this premium variety to the Australian market, where its all-around seasonal production is sure to impress.

Key Features

- Soft Leaf
